

GL-Solutions, Inc.

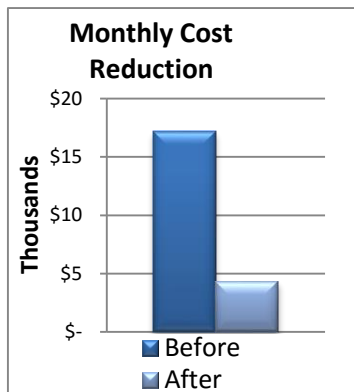

GL-Solutions, Inc.'s Support Services is designed for government contracting companies. We specialize in small to medium sized government contracting businesses, providing consulting services specifically tailored to aid our clients in achieving their desired operational goals.

Expertise & Knowledge

GL-Solutions, Inc. was founded with the principle of achieving maximum efficiency while implementing cost saving strategies not only for our business but also for our clients.

Our analysis helped many government contractors' to structure, redefine departments, responsibilities, and capacities of COO, CFO, Controllers, HR, Contract and Information Technology Infrastructure Support.

We bring balance by focusing mainly on the cyclical and sensitive processes of operations by providing smooth and seamless implementation that create little to no distraction while allowing real improvement.

appropriate methodology, from waterfall to agile methodology and associated cost that guarantee faster and cost effective results. Results are what are originally with the customer involvement in every step of the

Experience - Qualified consultants with over 20 mind to view issues in different ways, willing to try allowing the free flow of information. Our leadership big picture and how it impacts and relates to the

Effective - Our goal is to focus on delivering the cost sensitive solutions. We have reduced processing more than 90% increasing compliance and accuracy.

Thanks for all your effort this month. It has been a good month and everyone has done a very good job. I know it has been hard getting adjusted to the Fulcrum wants but you did it. The books look good and really timely. I will be using your accomplishment to close Fulcrum earlier, adopting best practice.

Thanks again to all. Gregory thanks for you guidance, understanding and leadership.

C. H. J
Chief Financial and Administrative Officer

Comments from a Sr Auditor at DCAA
upon receiving the Incurred Cost
Submission prepared by GL Solutions Inc
for Summit:

Very well prepared so at glance it looks like the company is at low risk. The Contract Summary brief well organized with all information is there. So, I can look at the brief and know and feel what type of contract the company has. All information was in one page.

On receiving a DCAA
letter of approval:

*“Finally! we now
have an adequate
accounting system.”*

OUTSTANDING!!!
Let's celebrate.
